

Spreading the Love with "We Heart You" Rolli Stamps | Rolli

KAREN EIDSON | FEBRUARY 5, 2014

I received product for review from Funnybone Toys

These adorable little stamp rollers are just off the top of the cuteness scale. When I saw them, I knew I had to have them. I received six different ones to show you all, but there are eighteen designs in total. And how easy can they be to use? Just take the cover off, put the stamp end on the paper or fabric or whatever you want to decorate, and roll away. Each stamp makes a continuous design until you decide to stop, up to 100 feet of use in each tiny stamp.

The Rolli Stamps have so many different designs that I am sure you can find one or two or several that you will love for yourself. I think they would make awesome gifts for your favorite crafty Valentines, or Easter Bunnies, or your favorite blogger, (hint, hint, wink, wink). At just \$9.99 per Rolli Stamp, you can collect them all. I can already think of tons of uses for them.

The photo above shows the six designs they sent me. It's like they know me well, because they picked out some of the ones I love the best out of the entire collection. I mostly love the Needle and Thread, and the nesting dolls. Oh, and the cupcakes!

BUY THEM:

You can buy the **Rolli Stamps** on their website, or **find a store location here.**

WIN SOME:

One lucky reader of Fabgrandma.com is going to win a box of six (sponsor's choice) Rolli Stamps. Enter using the Giveaway Tools form below:

Spreading the Love with "We Heart You" Rolli Stamps | Rolli

ROBYN SPIZMAN | FEBRUARY 3, 2014

Since Valentine's Day is coming up, I cut out pink hearts and the girls used the Rolli Stamps to decorate them. I thought for sure they would both go straight for the "**We Heart You**" Stamp and chaos would ensue, but there were so many options for them to choose from, that no chaos was had, YAY!

Rolli Stamps are the perfect addition to any arts and crafts collection. With the variety of patterns available, everyone is bound to find a stamp (or two or three) that they love and can use to create up to 100 ft of continuous pattern! The stamps are recommended for use by crafters ages 13 and up, but I personally found that *under adult supervision*, my girls (ages 7 & 2) were able to use them without a problem.

A Special Thank You to our friends Tashauna and Katherine, from Blink PR, for the opportunity to review this product and share it with our readers!

I agree, these Rolli stamps are a great addition to any arts and crafts collection.

Thank you for sharing this review.
