I had fun with this product. Rolli™ comes in 18 super cute designs. It is a tiny self inking rolling stamp, and works great. I absolutely love the designs which include nesting dolls, cats, hedgehogs, umbrellas, cupcakes and many more. In an instant you can add pizzazz and color to envelopes, stationary, tissue paper, paper bags, the possibilities are endless. Retail for \$11.99 and is available at www.funnybonemuse.com.
