FunnyBoneToys.com

A fast and furious party game where it's all relative. This is a game where you race to use your suction cups to "suction" up cards on the table that are related – or "akin" – to the card that is turned over during that round. The first person to suction up two valid related cards wins the round. The person with the most wins after 10 rounds is the winner of the game. may want to consider. So check out all the information I have for you below.
